R2. Inc, sc 1 around (6)
R3. Dec, Sc 1 around (4)
F/o and close loop.

Assembly

Attach the feet – widely spaced apart for balance and for the coat to have a fuller fit. Attach the coat to the body- I only attached the front part of the coat to the body (at the coat opening) and left the back open/unattached. Finally, attach the arms as you please- either crossed and holding the edges of the coat or simply at the front of Snorunts body.
Details (eyes, mouth, and back triangles) were added using colored felt and needle felting technique.

I hope you enjoy your little Snorunt!
